

## Pressure Drop Charts - Duplex Strainers

### DUPLEX STRAINERS (3/4" ~ 4") (DS591, DS592, DS593, DS691, DS692, DS693)

### DUPLEX STRAINERS (5" ~ 8") (DS591, DS592, DS593, DS691, DS692, DS693)

The above pressure curves are based upon clean baskets or screens (with 1/8" diameter holes on 3/16" centers) handling water.  
For other liquids (more viscous than water) and for mesh lined baskets, please use the Correction Factor Table.
